Dear Santiago Muzzo Benavides PhD  
(Editor in Chief of Colombia Médica),

It is a pleasure for me to send you our manuscript entitled “**CAFFEINE MODIFY BLOOD GLUCOSE AVAILABILITY DURING PROLONGED LOW INTENSITY EXERCISE IN DIABETIC TYPE 2 PATIENTS**”, and we would be very grateful if you could consider our paper for publication in Colombia Médica.

We would like to state that all authors have seen and approved the study and that no part of the submitted work has been published or is under consideration for publication elsewhere. In addition, we would like to declare that all subjects reported in this study have been conducted in accordance with Resolution 196/96 of the National Council of Health in Brazil, which was approved by local Ethics Committee.

I look forward to hearing from you in a next future.

Sincerely Yours,

Prof. Dr. Carlos Ricardo Maneck Malfatti  
Corresponding author
